London, February 11.

On Saturday and Yesterday arrived the Mails from Holland, France, and Flanders.

Ceuta, January 21.

THE Moors continue fortifying themselves in their Trenches, but dare not carry on their Approaches since the 13th Instant at Night, when they were driven from their Works by the continual Fire from this Place: The two new Works which Ingineer General Verbom has added to the Fortifications, annoys them extreamly; the first is like the Returns of a Trench, beginning at the Saillant-Angle of the Covered-Way of the Counter-Guard of St. Xavier, which discovers the Attacks of the Moors and favours the Sallies from the Place; the second is a Gallery adjoyning to the Palisades of St Lewis, and is very helpful to carrying on the Mine almost under the Enemies Attacks.

Madrid, Feb. 2. On the 29th past, their Catholick Majesties and the Prince of Asturias went from the Pardo to the Church of our Lady of Valverde, belonging to the Order of the Franciscan Fryars, and returned on the 30th to the Palace in this City. Mademoiselle de Beaujolois being arrived on the Frontiers of this Kingdom, the Duke of Ossuna complimented her on the Part of their Majesties, after which she proceeded to Yrum, the first Town in Spain, and at her Entrance there, the Te Deum was sung in the great Church; the next Day that Princess continued her Journey, and 'tis believed, will arrive the 6th Instant at Burgos, about 150 Miles from this Capital.

Lisbon, Feb. 3. On the 22d past, arrived in this River a Ship of 50 Guns called the Thetis, being one of those which were sent two Years ago to the South-Seas by the French West India Company; the Captain says, he touched at the Rio de Janeiro on the 22d of October last, and saw the Fleet which sailed from hence on the 29th of May, happily arrived there, and was assured that they might be expected at Lisbon before the End of March next.

Stockholm, Jan. 16, O. S. This Day the Meeting of the Dyet of the States of this Kingdom was published. On Monday next that Assembly will fit to do Business: The Choice of the Marshal will then likewise be made: The Court seems inclined to have M. Brussels, Feb. 16. His Royal Highness Prince Don Emanuel of Portugal set out Yesterday at Noon from hence for Lorrain, in the Marquess de Prié's Coach, the Marquess accompanying him beyond the first Barrier, where his Royal Highness took his own Post-Chaise, highly satisfied with the Honours that were paid him during his Stay in this City. A triple Salvo of the Artillery on the Ramparts was discharged at his Departure, and several of the Nobility of this Country attended the Prince, with an Escort of Dragoons, as far as Namur.

Paris, Feb. 17. On the 13th Instant, the Library of Books which the late M. The Prince de Carignan gave a magnificent Entertainment last Week to the Cardinals de Polignac, de Bissi, the Pope's Nuncio, the Venetian Ambassadour, and to several Persons of Distinction. On the 12th the King created three new Dukes and Peers, viz. the Marquesses de Levy, de Biron, and de la Valiere; they had the Honour the same Day of kissing his Majesty's Hand: 'Tis said also, that three new Mareschals of France will soon be made, viz. the Duke de Gramont, and the Counts de Medavi and Dubourg. It is thought that the King's coming hither will de deferred to the 20th Instant, notwithstanding it was rumoured that the Musketeers were ordered last Night to repair to Versailles to Morrow Morning, in order to attend his Majesty to this City. After the King's Majority, the Cardinal du Bois will appoint every Tuesday to be the Days on which he intends to give Audience to Foreign Ministers. The East-India Company have given publick Notice, that they will open their Sale of China, for ready Money, according to the Price fixed, to begin on the 21st Instant, at the Hôtel de Mazarine.

An absolute Cure for the KING's EVIL, in all its most dreadful Circumstances, by an admirable Electuary, which infallibly and quickly cures that Distemper in Old or Young, tho' never so bad, and of many Years standing. It assuredly causes any Soreness of the Eyes, and all Sores, Ulcers, or Pitula's in any Part of the Body to heal speedily; and all Swellings of the Glandules or Kernels to vanish as if by Enchantment. It effectually purifies the Blood and Juices, corrects their Sharpness, strikes at the very first Principle or Cause of the Evil, perfectly destroys it Root and Branch, and entirely compleats the Cure, so as never to return again, without the least Disorder, Trouble, or Confinement, and with such Safety, so soon, and in such a miraculous Manner, that one would almost think it was done by immediate Divine Assistance; in a Thousand Experiments it has not been once known to fail. It is to be had only at the Two Blue Posts in Haydon Yard in the Minories, at 5 s. a Pot, sealed up with Directions.

The HEMORRHOIDS or PILES of any Kind, or in either Sex, absolutely cured so as not to return again; by a pleasant Specifick Electuary, now recommended by the most celebrated Physicians, as the only certain Medicine for that Indisposition in the World; for in the sharpest Pain, and most miserable Torture, it gives surprizing Relief, and almost miraculous Ease: No sooner is it taken scarcely, but all manner of Uneasiness vanishes, as if by Inchantment, and the Patient becomes as perfectly well and free from Pain, as if no such Malady had ever been; and this it not only accomplishes for the present, in all Persons whatsoever, but also by totally subduing all Sharpness in the Blood and Juices, it certainly prevents any Return of the Piles for the future, so as entirely to cure that Illness, and thereby prevent Pitula's, and other dreadful Consequences, that cannot be too much dreaded. Hundreds of Men and Women, who had for many Years, more or less, been miserably afflicted with the Piles, have at once been perfectly cured by this great Remedy, to their no less Joy and Comfort, than Admiration. It is so safe that a sucking Child might take it without Inconvenience, for it never occasions the least Trouble or Disorder, and is so very agreeable, as may to give Distaste to the nicest Palate. Is sold only at Jacob's Coffee-house, against the Angel and Crown Tavern in Threadneedle-street, behind the Royal Exchange, at 5 s. a Pot, with Directions.
